

# New Fee Structure

The facility does not supply users with reagent for preparing samples for flow cytometric analysis. Investigators are responsible for providing samples to the facility which are ready for flow cytometric analysis, and for all associated costs. This includes the provision of individual samples in test tubes suitable for use on the FACSCalibur™ instrument. The only reagents provided by the facility are those necessary for the operation of the instrument (phosphate buffered saline, calibration beads, etc.).

Analytical flow cytometry (per hour)		Price				
Service/Instrument	Assisted Analysis	Unassisted Analysis		Training	After hours* Non-HCC	After hours* HCC Member
		Non-HCC member	HCC Member			
LSR Fortessa	\$75.00	\$50.00	\$43.00	No charge	\$35.00	\$29.75
FACS Verse	\$75.00	\$45.00	\$38.00	No charge	\$30.00	\$25.50
Fortessa X-20	\$75.00	\$50.00	\$43.00	No charge	\$35.00	\$29.75

\* After hours time is from 5pm to 9am Monday through Friday, and all day Saturday and Sunday

Cell Sorting (per hour)	Price
